

Patriot 1

Features:

- 3rd Generation

- Fixed Directional Processing- Layered Noise Reduction
 - Tone Amplitude Adjustment
 - Tone Frequency Adjustment
 - High Power Compatible
- Volume Control Type – Analog
 - Random Noise Generator

Highest Quality Lowest Prices

Made in the USA

Please contact a Prairie Labs Representative for more details at 800-322-8238 or Sales@PrairieLabs.com

Patriot 4

Features:

- Adaptive Feedback Canceling (AFC)
 - Fixed Directional Processing
- Layered Noise Reduction - 10 Channel
 - Dynamic Contract Detection
- 4-Channel (WDRC) Wide Range Dynamic Compression
 - Broadband MPO Limiting
 - Timer Ready
- 12 Gain Adjustment Bands
 - Low Level Expansion
- Program Switch tones - Program On/Off
- Low Battery Warning - Program On/Off
 - Tone Amplitude Adjustment
 - Tone Frequency Adjustment
 - High Power Compatible
- Volume Control Type – Analog or Digital
 - Programmable VC Range
 - 4 Audio Inputs
 - M+T Input Mode
-

Highest Quality Lowest Prices

Patriot 6

Features:

- Advanced AFC
- Fixed Directional Processing
 - Adaptive Directionality
- New Layered Noise Reduction – 10 Channel
 - Dynamic Contract Detection
- 6-Channel (WDR) Wide Range Dynamic Compression
 - Broadband MPO Limiting – 6 Channel
 - 12 Gain Adjustment Bands
 - Layered Noise Reduction
- Program Switch tones - Programmable On/Off
- Low Battery Warning - Programmable On/Off
 - Tone Amplitude Adjustment
 - Tone Frequency Adjustment
 - High Power Compatible
- Volume Control Type – Analog or Digital
 - In-situ Tone Generator
 - Programmable VC Range
 - Programmable Tone Generator
 - Programmable Power-on Display
 - 4 Audio Inputs
 - M+T Input Mode
- Hybrid Dimensions .226" x .134"
- Hybrid Dimensions .208" x .115"

Highest Quality Lowest Prices

Made in the USA

Patriot 8

Features:

- 3rd Generation
 - Fixed Directional Processing
 - Adjustable Adaptive Directionality
- New Layered Noise Reduction – 12 Channel
 - Dynamic Contract Detection
- 8-Channel (WDRC) Wide Range Dynamic Compression
 - 8 Channel MPO Limiting
 - 12 Gain Adjustment Bands
 - Data Logging
 - Layered Noise Reduction
- Program Switch tones - Programmable On/Off
- Low Battery Warning - Programmable On/Off
 - Tone Amplitude Adjustment
 - Tone Frequency Adjustment
 - Voice Prompts
 - High Power Compatible
- Volume Control Type – Analog or Digital
 - In-situ Tone Generator
 - Programmable VC Range
- Programmable Tone Generator
- Programmable Power-on Display
 - 4 Audio Inputs
- Random Noise Generator
 - M+T Input Mode

Made in the USA

Patriot 16

Features:

- 4th Generation
- Acous TAP
 - Fixed Directional Processing
 - Adjustable Adaptive Directionality
- New Layered Noise Reduction – 12 Channel
 - Wind Noise Reduction
 - Dynamic Contrast Detection
- 16-Channel (WDRC) Wide Range Dynamic Compression
 - 16 Channel MPO Limiting
 - 16 Gain Adjustment Bands
 - Dual Biquad Filter
 - Data Logging
 - Low-level Expansion
 - Layered Noise Reduction
- Program Switch tones - Programmable On/Off
- Low Battery Warning - Programmable On/Off
 - Tone Amplitude Adjustment
 - Tone Frequency Adjustment
 - Customized Voice Prompts
 - High Power Compatible
- Volume Control Type – Analog or Digital
 - In-situ Tone Generator
 - Programmable VC Range
- Programmable Tone Generator
- Programmable Power-on Display
 - 4 Audio Inputs
- Random Noise Generator
 - M+T Input Mode
